Bursea is a hamlet in the East Riding of Yorkshire, England. It is situated approximately 3 miles (5 km) south of the village of Holme-on-Spalding-Moor and 5 miles (8 km) north-east of the market town of Howden. It lies to the north of the River Foulness. Bursea forms part of the civil parish of Holme-on-Spalding-Moor.

The chapel at Bursea is designated a Grade II listed building in August 1987 and is now recorded in the National Heritage List for England, maintained by Historic England.^[1]

Hughes mushrooms are a leading player in the mushroom industry in the UK and Ireland and are a trusted supplier to many of the large UK retailers. With over 54 years of experience, the company operates from three sites, using state of the art facilities, designed and operated to the highest quality standards.

Hughes Group have recently opened a 'world leading' mushroom growing facility on the outskirts of Holme upon Spalding Moor. This leading-edge facility is now looking to grow its team to match the demands of customers.

Draft East Riding Local Plan Update, Regulation 18 Consultation, Friday 28 May - Friday 6 August 2021

On **Friday, 28 May 2021** the following documents will be published for a 10 week period of public consultation:

- Draft Strategy Document Update - sets out the updated planning policy for development in the East Riding. This includes the broad amount and location of development, for uses such as housing and employment, to be brought forward over the plan period to 2039. Additionally, policies relating to different issues such as protecting landscape character, minimising the risk of flooding and providing affordable housing are also addressed in this document.
- Draft Allocations Document Update - sets out site specific policies for how residential, employment, retail and mixed use draft allocations should be developed in order to meet the targets of the Draft Strategy Document. Draft allocations include the re-allocation and de-allocation of existing adopted Local Plan sites along with new sites in some locations.
- Draft Policies Map Update - a series of supporting Draft Policies Maps show the exact locations where development is proposed, as well as areas that should be protected from development.

A range of background and evidence base documents supporting the aims of the Draft Local Plan Update will also be published on Friday 28 May. These include:

- Sustainability Appraisal - assesses whether the draft policies are a sustainable option for the future.
- Draft Infrastructure Study - identifies the infrastructure, such as roads, schools and doctors surgeries, required to meet growth which may come forward.

- Draft Whole Plan Viability Assessment – identifies that the range of developer contributions sought by the Local Plan will still allow developments to be financially viable.
- Summary of Allocations by Settlement Document - sets out whether the draft proposed sites in each settlement are new allocations, existing allocations or deleted allocations.

The closing date for responses is **Friday, 6 August 2021**.

How to view the documents

All consultation documents are available to view on the council's website at: www.eastriding.gov.uk/localplanupdate. Also available online are a series of interactive information pages that summarise key issues and signpost the reader to the relevant consultation documents.

The Draft Strategy Document Update, Draft Allocations Document Update, Draft Policies Map Update and Summary of Allocations by Settlement Document are also available to view in hard copy at all East Riding libraries, customer service centres, multi service centres and mobile libraries during normal opening hours.

Please note, these locations are now open for browsing but Coronavirus restrictions are currently in place and measures can differ depending on location. These may include but are not restricted to; wearing face coverings, hand sanitisation, restrictions on browsing time, queuing outside the site at busy times, one way systems and a requirement to log in via the Government test and trace app on arrival. Please consider accessing the documents online before travelling to an East Riding facility.

Before visiting please visit www.eastridingculture.co.uk/coronavirus for the latest Coronavirus information. For the opening times and address details of these facilities please visit www.eastriding.gov.uk/library-finder and www.eastriding.gov.uk/csc or call (01482) 393939.

Hard copies may be purchased from the Forward Planning team. Details of prices are available on request.

A series of events are being arranged to give you an opportunity to speak to a planning officer about the issues. Due to national Coronavirus restrictions the majority of events will be held virtually. We hope to host some face-to-face public drop in events in due course but these are subject to the easing of national Coronavirus restrictions to ensure the safety of staff and members of the public. A final event schedule will be circulated in due course.

How to comment on the documents

In light of the Coronavirus restrictions, a longer consultation period of 10 weeks has been arranged to allow more time to review all the documents available. **All consultation responses should be received on or before Friday, 6 August 2021.**

To comment on the consultation documents, please complete the online smart survey response form at: www.eastriding.gov.uk/localplanupdate. The form is easy to use and allows you to comment on as many or few consultation documents as you wish, save your response and continue at a later date and upload supporting attachments.

Alternatively, you can write a letter and send it to Forward Planning (AS67), County Hall, Cross Street, Beverley, East Riding of Yorkshire, HU17 9BA.

Please note, electronic responses are our preferred method of contact. Electronic responses can be processed more easily helping the Local Plan Update to progress more quickly.

Comments will be made publicly available on the council's website in due course after the consultation period has ended (the council only redacts personal data in respect of email addresses, telephone numbers and signatures). To ensure we can log all responses and keep you informed of progress on the Local Plan, your details will be retained and used in accordance with our [privacy notice](#).

How to contact us

If you have any queries or wish to speak to a planning officer before submitting a response, please contact the Forward Planning team via [email](#) or telephone at (01482) 391701.

The telephone number provided is a dedicated line for consultation queries. If an officer is unavailable at the time of calling, please leave a message and we will get back to you.

We look forward to receiving your response.

LATEST NEWS

Western Wolds Men in Sheds are based at Oaks Farm, Bulmer lane, HOSM and are pleased to announce it reopened on 20th April.

We were very fortunate to have received grant funding from St. Helen Goat Farm at Seaton Ross that has enabled us to equip a metal work room. This adds another dynamic in our ability to accommodate members and future member requirements for making things both in wood and metal.

We are also hoping to add to our wood turning lathes with a small metal work lathe with possibly a milling attachment.

Our meeting room is now able to use broadband and the ability to use online training with Youtube.

Thanks to Tesco a further grant was awarded to the shed and discussions are underway by members to decide how to use this money.

We at the shed are very grateful for these generous grants. New members from the village and surrounding villages will benefit from these grants over the coming years.

Please feel free to call Tuesday Wednesday or Thursday between 10.00 am and 3.00pm and have look round. You are welcome to give us a call on the phone number in the list of associations or you can contact me on my Facebook page: Andrew John Crawford or my mobile 07746336963 or 01430 652311

Tai Chi – Village Hall

Evening Session - Wednesday 7pm to 8pm

Morning Session - Friday 10.30am to 11.30am

Please email Howard at howard@howardgibbon.co.uk before you attend to make sure there is a place for you.

Howard was born in Hull in 1946 and began training under Chee Soo in 1973. He has been an instructor of Tai Chi Chuan and Feng Shou Kung Fu since 1976 and is the holder of the 6th Tengchi Master Grade. He lives with his wife, [artist Gisela](#), in Holme on Spalding Moor, East Yorkshire

Howard's early fascination for these arts soon grew into a life-time vocation, realising that they went beyond a purely physical discipline, but was also a tool for self-development, spiritual growth, and a way of helping himself and others to achieve holistic health and well-being.

Howard Gibbon - HowardGibbon.com

For more information about Tai Chi continue to the following page.

The potential benefits of learning Tai Chi are enormous and varied:-

If you suffer from tension and stress, you will find that, with practice, Tai Chi will help you to learn to relax.

If you suffer from ill health, you will find that the practice of Tai Chi will help you improve your general health and well-being, increase your energy; tone your muscles; stretch your body; improve your posture and balance; improve your immune system and circulation; improve your strength and flexibility. We could go on and on...

And if you are perfectly healthy and happy, you will find that Tai Chi is a beautiful, life-affirming thing to do.

Catalytic converter thefts – advice from Pocklington Police

Older vehicles are targeted more due to the fact they contain higher amounts of precious metal than the newer models .We want to remind residents to be extra vigilant and to report any suspicious activity to us. We advise you to do the following.

1. Park your vehicle as close as you can to a wall or fence. This reduces the amount of room that the offender needs to manoeuvre under your vehicle and cut away the converter.
2. If your catalytic converter is bolted on you can ask your local garage to weld the bolts on to make removal more difficult.
- 3 .Some garages will etch a unique serial number onto your converter so it can easily be identified if it is stolen. You will also be provided with a sticker to be displayed in your window that indicates your converter is marked. You can also purchase cat clamps which will also take time to remove and slow the offender down who will be in a hurry.
4. If you have a Toyota you can purchase a device that will lock in around the converter to make it more difficult to remove.
5. Park in a well lit area.
6. Fit your vehicle with a car alarm to distract an offender.

HOLME ON SPALDING MOOR SCARECROWS JUNE 2021

Over 5M Suspicious Emails Reported

Phishing remains the most successful attack vector for cyber criminals targeting individuals and businesses.

Cyber criminals love phishing. Unfortunately, this is not a harmless riverbank pursuit. When criminals go phishing, you are the fish and the bait is usually contained in a scam email or text message. The criminal's goal is to convince you to click on the links within their scam email or text message, or to give away sensitive information (such as bank details). These messages may look like the real thing but are malicious. Once clicked, you may be sent to a dodgy website which could download viruses onto your computer, or steal your passwords.

As of 30 April 2021, over **5.8 million** emails were reported to the Suspicious Email Reporting Service (SERS). The tool, which was launched by the National Cyber Security Centre (NCSC) and the City of London Police last April, allows the public to forward suspicious emails to an automated system that scans it for malicious links. Since its launch, over **43,000 scams** and **84,000 malicious websites** have been removed.

What are the most common phishing scams?

The most commonly spoofed organisation reported in phishing emails was TV Licensing, with victims of these emails reporting losses totalling **£5.3m**. The majority of losses occurred as a result of victims following malicious links in the emails and inputting their personal information into what they thought was the legitimate TV Licensing website. Shortly after, they would receive a call from criminals impersonating bank staffs that was able to convince them that their bank accounts were compromised and persuaded them to transfer all of their money to a new 'safe' account. Some of the other most commonly impersonated organisations included HMRC and DVLA. We also received more than 40,000 suspicious email reports relating to COVID-19.

How you can protect yourself from phishing messages.

Fake emails and text messages can sometimes be difficult to spot and criminals are constantly getting better at finding ways to make them seem more authentic. Email address spoofing, for example, is just one of the tactics criminals will use to try and make their fake emails look real. Here are some tips you should follow to protect yourself, and others, from scam emails and text messages:

1: Be cautious of messages asking for your personal information. Official organisations, such as your bank, should never ask you for personal or financial information via email or text message. If you receive a message and you want to check that it's legitimate, you can call the organisation directly using a known number, such as the one on a bank statement or utility bill.

2: Report suspicious emails. If you receive an email you're not quite sure about, you should report it to the Suspicious Email Reporting Service (SERS) by forwarding the email to: report@phishing.gov.uk. Your reports will help government and law enforcement agencies to remove malicious emails and websites.

3: Report suspicious text messages. If you receive a suspicious text message, you can report it by forwarding the message to **7726**. It's free of charge and enables your mobile network provider to investigate the origin of the text and take action, if found to be malicious.

4: Report fraud. If you've lost money or provided personal information as a result of a phishing scam, notify your bank immediately and report it to [Action Fraud](#).

LOOK AFTER YOUR DOGS THIS SUMMER

RSPCA

Dogs die in hot cars

Share this today and save a dog's life

Never leave your dog alone in a car

If it's 22°C outside, inside a car it can get to 47°C within 60 minutes

In hot stuffy vehicles dogs cannot cool themselves down, even with the windows open

Heatstroke can be fatal to dogs

If you see a dog in a car on a warm day, call 999
www.rspca.org.uk

The poster features four illustrations: a dog in a car with the sun outside, two dogs in a car with the sun outside, a dog in a car with the sun outside, and a dog in a car with the sun outside.

THE KENNEL CLUB

Blue-green algae

Blue-green algae produces toxins that can be deadly to dogs.

It can be found in some streams, lakes and estuaries, especially in late summer after hot sunny periods.

Do not let your dog drink or swim in water known to be contaminated with blue-green algae.

Dogs can become ill very quickly and it can kill in minutes.

If your dog becomes unwell contact your vet immediately.

The poster features a central illustration of a dog's head and a circular inset showing a close-up of blue-green algae.

Thursday Club

The Thursday Club was formed in June 1956. They were then called the Darby and Joan Club and they met in the Old School. Mrs Foster was one of the first people to organise the group. Olive Shepherdson also helped for a long time. At some point they changed their name to the Thursday Club and moved to meet in the Village Hall. Mrs Clough took over and also Betty Young.

Joyce Young has been involved with the Thursday Club for over 50 years and has been running it for the last 20 years. **As mentioned in the last Grapevine, she has now stepped down from the role and they are looking for someone else to take this on. If you are interested, please call Joyce on 01430 861024.**

The Village Hall Committee would like to thank Joyce for all she has done for the Thursday Club over the years.

A. Laverack & Son would like to thank our butcher Paul Reid for all his hard work and dedication to the business as he celebrates 25 years working for the company this month. He has built a customer base that has grown and grown over the years due to his attention to detail and excellent customer service. He most definitely is part of the furniture here in Holme Upon Spalding Moor and we look forward to a few more years to come yet.

ADVICE FROM HUMBERSIDE POLICE

Community Priorities.

The Neighbourhood Policing Team meets regularly with partners to ensure we have a multi-agency approach to local issues, individuals and problem solving. These meetings are attended by local partners, including Humberside Fire and Rescue Service, Youth and Family Support, Housing Officers, Environmental Health and the East Riding Anti-Social Behaviour Team, among others. We share information and resources to deal with local neighbourhood issues, in particular, those identified as causing the most harm in the community.

We also continue to patrol the Howdenshire areas during our shifts and post on Social Media on a regular basis as a way of keeping everyone updated.

Bicycle security

Over 100,000 bikes are stolen every year across the UK, so what can you do to protect your bike?

- If you haven't done so already register your bicycle's frame number along with any pictures and other details you have on www.immobilise.com. (Registration on Immobilise only takes a few minutes and it's free. All you need is your bike's make, model, identifying number code(s) and a few photographs). If your bike is stolen or lost this free online register will inform all UK police and registered second hand dealers that your bike is missing and should it be offered for sale to a registered dealer or come into contact with any police force then a check of the system could reunite you with your stolen or lost bike.
- Invest in a quality lock or chain, e.g. a D lock, to help reduce the risk of your bike being stolen. Consider using two different types at the same time, as thieves rarely carry tools to break two different lock types.
- Lock your bike every time you leave it – it only takes seconds to steal! Keep the gap between the bike and the lock small, so inserting tools is made harder and where ever possible keep the locking barrel facing the ground too as this makes access more difficult.
- Look at where you are storing your bike and make sure that your shed or garage is secured with a good quality lock. Many shed windows are never used, if this is the

case – why not screw them shut. Fitting mesh or steel bars across the window from the inside allows light to enter but means the thief has to go to a lot of trouble to remove them. Replace broken glass with laminated glass. Consider putting an alarm on the shed too – this could be a battery alarm or look at having the shed connected to the house alarm if you already have one.

- Consider buying a cycle anchor that can be bolted to the wall or floor of your shed which your cycle can then be fastened to or if you have several cycles lock them altogether.
- If you have to leave your bike out on the street, where possible leave it in a well lit area and lock both the frame and wheels to the bike stand. If there is no stand, ensure that it's locked to secure street furniture e.g. railings or a lamp post. Try and avoid leaving your bike out overnight (even if well secured) and take with you anything that can easily be removed e.g. lights or quick release wheels.

Also if you are considering buying a second-hand bike, make sure it's not stolen:

- Check the cycle for postcode security engravings and question the seller if the postcode does not match their address.
- Ask for the buyer's pack - original documents, receipts, tools and handbook, which came with the bike.
- Check the seller's knowledge of the bike, its size, make/model, who rode it, why they are selling, is their story credible?

Checkmend - for a small fee you could see if it is registered stolen by checking any frame numbers or security engravings with the immobilise stolen database by visiting their website

We encourage everyone to follow the Government guidance. You will still see us out and about as we continue to do our job and keep our communities safe. As always there are a number of ways you can get in touch with us if you need us.

For incidents that don't require an immediate response call our non-emergency 101 line. You can also report non-emergency crimes online via our reporting portal. In an emergency always dial 999.

PROTECT YOUR IDENTITY FROM THIEVES AND FRAUDSTERS

Your identity and personal information are valuable so it's important to protect them. Criminals can use your personal details to open bank accounts and get credit cards, passports and driving licences in your name. This is known as identity crime. (Identity theft and identity fraud are two types of identity crime.)

Identity Theft.

Identity theft is when someone gains enough information about an identity (e.g., name, date of birth, address) to commit identity fraud. (It is the misappropriation of the identity of another person without their knowledge or consent).

Identity Fraud.

Identity fraud occurs when a stolen identity is used to gain goods or services by deception e.g., open a bank account, gain benefits, order goods in your name, obtain genuine documents e.g. a driving licence in your name or apply for credit cards.

Preventing identity theft or fraud.

- Lost bank and credit cards – if lost or stolen, cancel them straight away and never give card details or personal information over the phone or on the internet when other people can see or hear.
- if you are expecting a bank or credit card statement and it doesn't arrive, tell your bank or Credit Card Company.
- if you move house consider asking Royal Mail to redirect your post for at least a year.
- Get in the habit of checking your bank statements.
- Destroy unwanted documents using a shredder. Don't throw away bills, bank statements, receipts or unwanted post in your name without shredding it first.
- Keep personal information somewhere safe like a lockable drawer or cupboard.

NOT PROTECTIVELY MARKED

- Keep passwords safe and don't store them anywhere that means they may be stolen such as your purse or on your mobile phone. Try not to use the same password for more than one account.
- never give personal or account details to anyone who contacts you unexpectedly even if they claim to be from your bank or the police. Tell the caller that you will ring back, but only do this on a phone number you trust (not one that they give you) and also try to do this on another phone or leave it at least five minutes before you make the call. This is important because criminals are able to keep the line open for two minutes after you put down the phone, which means you could end up inadvertently talking to the criminal or their accomplice again.
- Remember a bank will never ask for your PIN or your whole password.

Reporting fraud.

Fraud is a crime, so, if you think you've experienced it, we would encourage you to report it to Action Fraud, which is the UK's national fraud reporting centre, either via the website: actionfraud.police.uk or by telephone on 0300 123 2040.

Holme Helpers Pantry

- **Are you struggling to make ends meet?**
- **Could you benefit from free food and groceries delivered to your door?**
- **We are here to help!**
- **Call us on 07857 554129 or email gardnerclan@hotmail.com**

Holme Helpers (HH) is a Holme-Upon-Spalding-Moor parish volunteer group and the legacy from the COVID-19 group which was established to deal with the lockdown in March 2020 due to the Coronavirus. As of April 2021, HH has taken over completely and the COVID-19 group no longer exists. However, many of the personnel are the same people and many residents will not notice a difference.

The HH Pantry has been operating throughout the pandemic, originally as part of a wider network of similar set-ups across the East Riding of Yorkshire region, with Stephen Cope, our vicar, running the Holme-Upon-Spalding-Moor side of things. From May 2021, Stephen's role as a Reverend required his full attention as the lockdown eased. Since then, the HH Pantry has operated independently under the Holme Helpers banner. It has its own bank account and own team which run it, led by Judith Gardner, although Stephen remains involved, reporting to the HH Committee.

The HH Pantry is a food bank working for the residents of the Parish of Holme-Upon-Spalding-Moor. It is a confidential, non-judgemental service, supplying food and groceries every week, with deliveries taking place on Wednesdays, Thursdays and Fridays. Residents can ask for the same day every week or just ask for help on an irregular basis, whichever suits them. It is enormously grateful to the generous donations from local people.

Residents can choose (to a degree) what they have, or rely on the deliverers to pack an assortment of goods. It is the intention of HH Pantry to offer more of what residents actually want, rather than just deliver a number of items, not knowing whether the recipient will actually eat them or not. It will also improve the reordering process to make sure that only stock that is used is requested.

So, what does it mean for YOU?

Please, if you are struggling money wise, even if it is only on an irregular or temporary basis, make use of this service. You don't have to answer the door and speak to anyone. We will just knock on your door and leave your shopping there. However, if you would like to chat, then we would be delighted to talk with you.

We will do our best to provide you with what you want and top that up with extra bits and pieces. Typically, we stock the following items:

- Cereal
- Milk
- Fruit juice
- Jam / marmalade / honey
- Tea / coffee / hot chocolate
- Eggs
- Soup
- Baked beans / baked beans with sausages
- Vegetables
- Meat
- Fish
- Vegetarian
- Pasta with sauces / curries
- Squash
- Fruit
- Custard
- Rice pudding
- Crisps
- Soap
- Shampoo
- Shower gel
- Toothpaste
- Washing up liquid
- Washing tablets
- Cleaning products
- Kitchen roll
- Toilet roll
- Sanitary products

- Dog / cat food

There is no requirement to pay anything although some people contribute £1 or £2.

So, please do call (please note the phone is not manned 24 hours a day but is regularly checked for messages or missed calls) or email us if you, or someone you know, could benefit from this service.

HOSM WI update

We were very disappointed that our July meeting was unable to go ahead due to Boris delaying the date for relaxing restrictions. We are all really hoping that we can meet in August on the 4th when we have a visiting speaker, Helen Butler, telling us about 'Jim Turner, 1940s Grocer'.

However, on a more positive note, our monthly coffee club was able to resume on June 8th when a number of our members visited Gilberdyke Garden Centre. As long as there are no more than six people per table and masks are worn until seated, it is almost back to normal.

Members meet at 10am on the second Tuesday each month on the village hall car park. You do not have to have a car, lifts are available. The next one is July 13th and the venue will be The Olive Tree Cafe at Ellerker Garden Centre.

Fingers are all crossed for August 4th, that we can meet up and that social distancing will be at a smaller distance now as everyone has had both vaccinations.

Please keep an eye out if you can on the Holme on Spalding Moor Information Page on Facebook as well as incoming emails where an update regarding the August meeting will be published or sent to you. Those not on emails will receive a printed copy through the letterbox.

We meet on the first Wednesday of every month and meetings begin at 7.30 pm. The fee for visitors is £4 and for that there is a speaker plus tea/coffee and home-made cake.

Stay well and 🙌 we'll meet again soon.

Sue and WI Committee (I am on 01430 861082 should you have any questions.)
