Community Fun Day

The Village Hall Committee would like to thank the Parish Council, especially Amanda Gupta for organising the Community Fun Day which raised £700 for the Village Hall. It was a great success and well attended.

ERVHN Conference

The East Riding Village Halls Network held their Annual Conference in Holme Village Hall. This was a great success. An article in the Pocklington Post said they held the conference at Holme Village Hall because of the great hospitality and accessibility.

D Day Lunch

The Village Hall Committee would like to thank Helen Williamson and her team of volunteers for arranging the D Day lunch and raising £1,080 for the Village Hall. It was a great event and brought the community together.

Being A Trustee at Holme on Spalding Moor Village Hall

Trustees have independent control over, and legal responsibility for, a charity's management and administration. They play a very important role in a sector that contributes significantly to the character and wellbeing of the country. All the Trustees at Holme on Spalding Moor Village Hall are voluntary.

Trusteeship can be rewarding for many reasons - from a sense of making a difference to the charitable cause, to new experiences and relationships. It's also likely to be demanding of your time, skills, knowledge and abilities.

The 'governing document' is the legal document that sets out the rules that govern a charity. These include the charity's objects and, usually, how it must be administered. It is a trust deed.

You must be at least 18 years old to be a trustee of a charity.

You and your co-trustees must make sure that the charity is carrying out the purposes for which it is set up, and no other purpose. This means you should:

- ensure you understand the charity's purposes as set out in its governing document
- plan what your charity will do, and what you want it to achieve

- be able to explain how all of the charity's activities are intended to further or support its purposes
- understand how the charity benefits the public by carrying out its purposes

Trustees must act in the charity's best interests They must:

- do what will best enable the charity to carry out its purposes, both now and in the future
- make balanced and adequately informed decisions, thinking about the long term as well as the short term
- avoid putting yourself in a position where your duty to your charity conflicts with your personal interests
- not receive any benefit from the charity unless it's properly authorised and is clearly in the charity's interest

Village Hall Committee Meetings are held on the second Wednesday of the month in the Community Room.

Further information is available on the Charity Commission website:

- Last year ,with your communities superb support, our district raised a record sum, all of which goes to support the amazing work of the British Legion.
It's more important than ever that we support this years Appeal as the need for help from those who have served our country so well is as great as ever and the finances to give that help even further stretched. Unbelievably over half the money you helped raise came from manning a stall in Tesco In Market Weighton. This year it will be from Thursday 24th October until Saturday 9th November from 8.00am until 8pm. every day Just email lionelmcc@aol.com this years Poppy Organiser with your name and contact details if you can spare some time.
 - Continuing from last year, half the poppies on sale will be bi-degradable.
- Help us help the deserving people who need our help.
- Any help you can give to support us in Tesco this year, seats are provided and full access to staff canteen etc. between 24th October and 9th November . You will make a big difference. Three shifts 8 till 12 /12 till 4/4 till 8pm

HOLME WI UPDATE

Better late than never with regards to the warmer weather. All the better for flowers in the garden which ties in nicely with our August speaker who is Patrick Wiltshire, a Royal Horticultural Society gardener. Gardening tips are always welcome.

On August 28th our members have the opportunity to attend a trip out to Breezy Knees Gardens not far from Stockton on the Forest. There is a cafe, a nursery and twenty five acres of stunning gardens to walk around. Do google it, the borders are so colourful with excellent healthy plants on sale in the nursery.

The month previous to that in July our speaker was Sally Smith whose talk was about the seaglass jewellery which she makes from glass fragments found on various beaches. It is usually glass of all colours which has found its way into the sea and then been shaped by the pounding of the waves and currents. Several members bought some very pretty items such as bracelets and pendants hand made by Sally.

In September (4th) we get scientific with Dr. Bernard Betts telling us all about the good, the bad, and the ugly of Microbes. Watch this space next time for what we discovered.

For more information about your local WI, check out Facebook and the HOSM Community page where you will find details of our meetings. Alternatively, you can get more information from me (Sue) on 01430 861082 or our secretary Janet on 07890 206085.

If you can't decide if the WI is for you, come as a visitor for just £4. This includes a speaker, tea and coffee with excellent home baking. We meet in the first Wednesday of each month in the Community Room of HOSM Village Hall. You can't miss it, there is always a WI poster on the door. Our members are very welcoming and who knows you will probably meet familiar faces.

Finally, one not to be missed:

OUR FUND RAISING COFFEE MORNING : this is a date for your diary. It is SEPTEMBER 14TH in same Community Room between 10am and 12 noon. There will be loads of coffee and home made cakes, a cake stall, bargains of all sorts as well as our tombola with lots of great prizes; a raffle; a bookstall etc.

One not to miss. Do bring a friend or two or the family for a fun morning.

We look forward to seeing you there.

Squadron 101 who were based at RAF Holme on Spalding Moor Airfield are to be honoured at a ceremony.

On the **13th April 2022** it was 79 years ago day in 1943 a Lancaster Bomber crew from 101 squadron, [who were then based at **RAF Holme on Spalding Moor Airfield**], crash landed into a field at Hasholme Carr Farm, on the south of the airfield. Sadly, all the crew perished in the crash.

Earlier in the day 101 Squadron were briefed and told they were to undertake a bombing operation later that evening on the docks at Spezia, Italy.

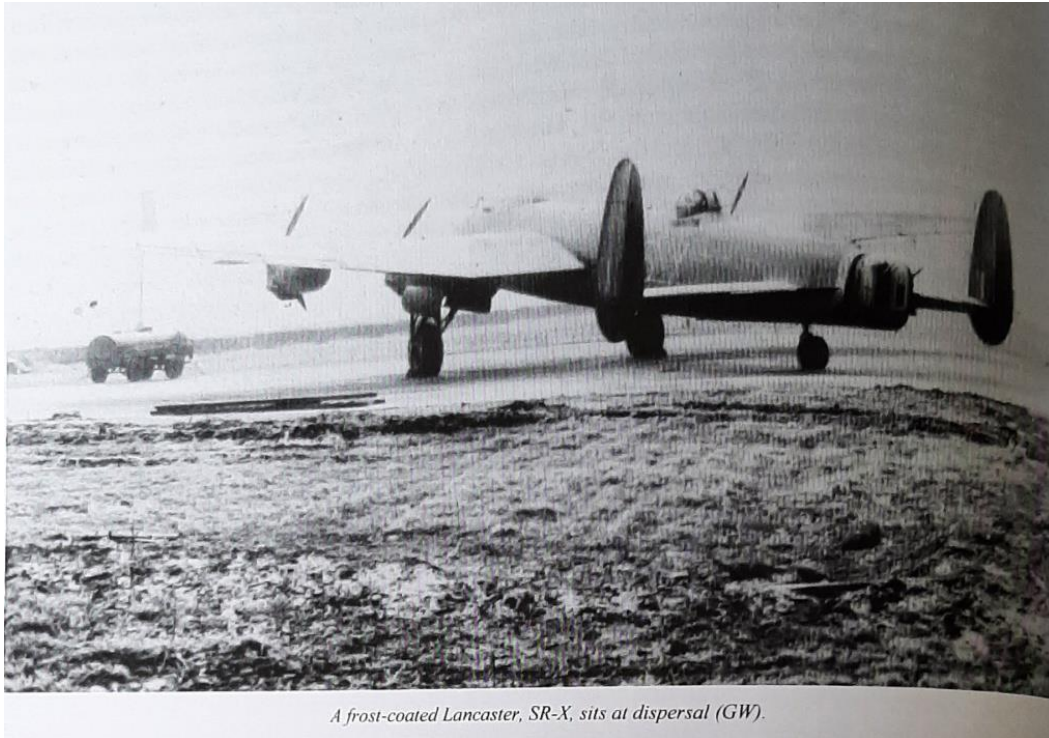

The Lancaster ED807 had a failed engine on take-off, the pilot flew the plane 55 miles east over Flamborough Head over the North Sea where they jettisoned the five 1,000 pound bombs which they were carrying. The pilot then turned back to base at Holme flying on the three remaining engines, his intention being to land back at base as safely as was possible.

Tragically all did not go according to plan and the aircraft was seen to be approaching the aerodrome when it suddenly dived and crashed. None of the crew survived the crash. The aircraft caught fire as the incendiaries meant for Spezia Docks were still on board and ignited.

Grapevine highlighted their story in March / April 2022, May / June 2022 and July / August 2022 and copies can be emailed if requested to mjw.grapevine@gmail.com

Information was supplied by David Cook who was trying to arrange for a memorial to be placed at the site.

The memorial service to the crew of ED807 is to be held on Sunday 4th August at 13.00 at All Saints Church followed by the unveiling of the memorial and commemorative proceedings inside the gates at the airfield at 14-00 accompanied by a brief service. Refreshments will be served at the village hall.

MESSAGE FROM ANN LETT HOSM METHODIST CHURCH

So what did you make of the recent election? I have to admit, I listened to a whole load of political podcasts and watched all the leaders' debates, in the hope that someone would say something I could say "Yes, that's what I want to vote for". Like many, I found it hard to work out who to vote for – and in the end, I did put a cross in a box, but I think it was only because not voting didn't feel right.

It seems the country wanted a change, and a change is what it's got! Only time will tell what change will be made, or whether our politics will be the 'same old, same old'. But the word 'change' got me thinking. We may have changed the political colour from blue to red, but what about things we might need to change in our own lives to make them better for us.

Each morning, as I sit in my little prayer room, I read scripture, and as I read, I am reminded of how much God can change people's lives. At the end of June, beginning of July, the Methodist Church had its annual conference. I was reminded it was 10 years ago I was ordained into the Methodist Church, which was a significant change in my life. I was also reminded that it was 50 years ago, in 1974, that the Methodist Church ordained women, which has led to a significant difference within our denomination. Through the years God has changed many people's lives for the better, and I include myself in that.

So how can you change? Do you feel you need to change or are you quite happy as you are? Maybe you want to change, but you don't know how. Well, should you feel you want to change, then please come and see us on a Sunday morning, 9.30 at the chapel on Selby Road – we'd be more than happy to see you and help you discover what change God can make for you; or if you want to chat with me directly, then contact me on revannlett@gmail.com.

DOG POO – WHAT CAN HAPPEN IF YOU DON'T CLEAN UP

SADLY THE VAST IMPROVEMENT IN CLEARING UP AFTER YOU'RE DOG HAS GONE INTO REVERSE – SO THIS MESSAGE IS REPEATED

Dog 'poo' can be picked up on pram wheels, children's shoes, hands, etc and this can be transferred to children's mouths very easily. Do you know what the consequences could be?

Campylobacteriosis symptoms include diarrhoea, cramping, abdominal pain, and fever. The illness typically lasts one week but for people with compromised immune systems, Campylobacter can spread to the bloodstream and **result in a life-threatening infection**.

E. coli and other faecal coli form live in the intestines of many animals. Certain strains can escape into the bloodstream, or cause stomach cramps, nausea, vomiting, diarrhoea, and fever. For people with weakened immune systems, **E.coli infection can result in death**.

Salmonellosis is the most common bacterial infection transmitted to humans by other animals. Symptoms include fever, muscle aches, headache, vomiting, and diarrhoea.

Yersiniosis is another bacterial disease that can cause intestinal infections in people. Yersinia can multiply in cold water, unlike many other bacteria and may be found in elevated numbers in ponds, puddles and lakes as they thaw in the spring.

Toxocariasis is an illness found in humans that occurs when they are infected with parasitic roundworms, originating from either the fecal matter of dogs and foxes (*Toxocara canis*), or cats (*Toxocara cati*). Although most people might display symptoms similar to the flu, there are certain instances, where the illness can turn into a more severe form known as Ocular Toxocariasis that has the potential to cause blindness

The above can be fatal in certain conditions therefore please, please clean up after your dog. You could face a fine of £1,000 if you are caught

We always look forward to getting outside and bowling in the fresh air. Little did we know, it was going to be such a wet season. Rain and more rain!! One thing never dampens the spirit of our bowlers, the enjoyment we get from this great game. We still follow the traditional rules, but the game has a much more modern approach from our Bespoke club shirt to the large range of fabulous, coloured bowls which are now available and make for a much more interesting game.

The club has welcomed several new members this season who have become a great asset to the club. They have shown commitment and a willingness to get involved and bring fresh ideas to the club.

IF YOU ARE LOOKING FOR A NEW AND ENJOYABLE HOBBY, that's also a great way of keeping fit. Please contact us and register your interest on our website contact form at:

HOLME ON SPALDING MOOR PRIMARY SCHOOL NEWS

Representatives of both the year five and year six pupils of Holme School, recently participated in a Goblin electric car race at Ennerdale Leisure Centre in Hull - competing against other primary children.

The event, organised by the UK based charity Greenpower Education Trust, inspires young people to become enthusiastic about science, technology, engineering and maths by challenging them to design, build and race an electric, single seater car. After receiving an array of spare parts from both Tickton Primary School and Baysgarth Secondary School, we were fortunate enough to be able to join the pieces together and build our second Goblin car and take two teams and two cars to race at this year's event!

The children embraced a range of roles and worked most effectively and enthusiastically as a team! They drove skillfully to earn a plethora of awards and trophies - covering such events as sprint, drag and slalom.

Sincere thanks and gratitude must go to Holme on Spalding Moor Parochial Trust, who kindly funded our first car, last year, and generously help us begin our journey, granting many children many memories to treasure!

Next year, we are aiming high! We hope to accept the invitation presented to us to attend the 'Gathering of Goblins' at Goodwood Circuit - taking two teams and two cars to compete against up to 120+ cars. We will desperately be searching for sponsorship

to assist in making this dream come true! Please do get in touch if you feel that this is something that you would be able to invest in, your support would be appreciated.

A comment from Victoria Aitken:-

I'm thrilled to be able to help and support Hedgehogs at Holme Rescue.
Another great group of community volunteers.

Like and share their stories and if you have the unfortunate need to help a poorly hedgehog then these are the right people to go to.
Well done and thank you
